LATE TELEGRAMS.

Railroad Accidents.

St. Louis, Dec. 24.

The east-bound passenger train
which left here at 6:40 last night
on the Washoe road collided with an
engine and caboose from Decatur, Ill.,
on a curve near Carpenter, between 8
and 9 o'clock. Both engines were
knocked off the track and George
Silsbee, engineer of the passenger
train, and Hank Dresser, conductor,
were killed. Captain Hyde and Ed.
Bramblee were dashed against postal
boxes in the mail car and severely
hurt, and several passengers were re-
ported somewhat injured. One or
two train men were wounded; names
not known.

Ten Years for Mail-Robbing.

CLARKSBURG, W. Va., Dec. 25.

After a long and sharply contested
trial, Albert Price, mail robber, was
sentenced on Saturday to ten years in
the Buffalo Penitentiary. Price be-
longed to the Red Men, an organiza-
tion similar to the Ku-Klux, and has
been terrorizing Barbour county. His
crowd is now believed to be broken up.
They boasted of robbing mails,
whipping citizens and planning the
assassination of the District Attorney.

Irish Items.

DUBLIN, Dec. 24.

Summons has been served upon
O'Brien, editor of *United Ireland*, re-
quiring him to appear and answer a
charge of seditious libel.

Witnesses in the Phoenix Park mur-
der cases failed to identify Westgate.
Patrick Egan has returned.

Daniel's Descendants.

LADONIA, Tex., Dec. 24.

Wm. Vaughn mortally wounded
two brothers named Boone, great-
grandsons of Daniel Boone of Ken-
tucky. The difficulty grew out of
some little dispute. One hundred
men are in pursuit.

A Conductor Killed.

MEADVILLE, Pa., Dec. 25.

Through the error of a telegraph
operator two freights collided on the
New York, Pennsylvania & Ohio road,
and two locomotives and twelve cars
wrecked and conductor Yorke killed.

BRIEF MENTION.

A few days ago, at Egan Or., Peter
Stenger shot and killed Rush Frazer,
because of intimacy with Stenger's
wife.

In the twenty-mile race at Nevada
City between Harriman and twenty
citizens—a fresh man every mile—the
former won in two hours and forty-two
minutes.

A Georgia woman wasn't hurt a bit
in the railroad collision, but she wants
\$5,000 for the manner in which she was
obliged to turn a somersault in the
presence of eighteen hundred men.

"Yes," said the country member, "I
went to that variety show because I
was sure there would be nobody there
who knew me! Durned if pretty much
the whole Legislature wasn't there!"

The papers very kindly tell the poor
man how to make a nourishing soup
out of a small piece of meat. If they
would only tell him how to get the
meat his wife would be much more
obliged.

"Female Complaints."
DR. R. V. PIERCE, Buffalo, N. Y.:
Dear Sir—I write to tell you what
your "Favorite Prescription" has done
for me. I had been a great sufferer
from female complaints, especially
"dragging down," for over six years,
during much of the time unable to
work. I paid out hundreds of dollars
without any benefit till I took three
bottles of the "Favorite Prescription" and
I never had anything do me so
much good in my life. I advise every
sick lady to take it.

BROWN'S IRON BIT-

all these diseases.

Boston, November 26, 1881.
Brown Chemical Co.
Gentlemen:—For years I have
been a great sufferer from Dyspepsia,
and could get no relief (having tried
everything which was recommended)
until, acting on the advice of a
friend, who had been benefited by
Brown's Iron Bitters, I tried a
bottle, with most surprising results.
Previous to taking Brown's Iron

burning sensation in the stomach,
which was unbearable. Since tak-
ing Brown's Iron Bitters, all my
troubles are at an end. Can eat any
time without any disagreeable re-
sults. I am, practically another
person.

2021st 9, 11 and 13, First St., San Francisco

To the General Public.
Something that should be read by all con-
sumers of groceries, etc.: On the 1st of
January, 1883, I propose to place my business
on a cash basis, which will enable me to sup-
ply those who will give me their patronage
with the best quality of goods at much lower
prices than they have heretofore been paying.
It is a plain fact that the credit system, as car-
ried on by business houses generally compels
those who do not pay to make up the losses oc-
casioned by those who do not fulfill their ob-
ligations. I am aware that Cash vs. Credit
has been a theme of discussion these many
years; but those who pay their bills know
that the theory is perfect, and I shall offer
goods at such prices that those who shall
trade with me shall never regret that they as-
sisted in reducing the theory to practice. The
new plan will enable me to increase my large
and varied stock, and I will transact business
strictly in accordance with the cash system,
pricing goods with regard to quality—I will
handle none of doubtful quality. Please call
or send for a price list, which will be out Jan-
1, 1883. Respectfully,
J. H. SCHOLING.

THE SIGNAL SERVICE.

General Logan's bill to separate the weather part of the Signal Service from the War Department creates a good deal of talk and unfavorable comment among army officers. The fact that the Illinois Senator and the General of the army are on the very worst terms is well known. Sherman is represented as very angry that Secretary Lincoln recommended in his annual report that the Signal Service be detached from the army, and the fact that he did is attributed to Logan's influence. The Logan bill does not disturb Hazen's position, but deprives him of all command except over a Major and half a dozen Lieutenants. The points made by army officers against the proposed change are that in addition to a corps of observers there will have to be a corps of line-men to do the work of construction and repairs, now done by soldiers at no extra expense to the Government; that as most of the signal stations now are at forts, the transfer of the service to the Interior Department will necessitate the maintenance of a considerable number of additional posts, and the army cannot be called on, as it now is, to aid signal men whenever there is temporary need of extra men.

COST OF ARMIES.

The fact that Germany maintains the most powerful army on earth at an expense of \$75,000,000 a year makes the expenditure of \$31,287,495 on our little handful of soldiers in one year seem absurdly extravagant, but the statistics are still worse as to our navy. The estimate for the naval establishment during the fiscal year is \$23,836,394. But while our army is an efficient, although meager body, the navy is almost worthless. Not that the officers and seamen, who put together are about half equal to the number in the army, are not competent, but the Government is not the possessor of one respectable ship of war, although money enough to establish a powerful navy has been expended. If the era of prosperity has dawned upon Washington, as some intimate, the \$55,123,879 proposed for the maintenance of the army and navy next year can be reduced about one-half without injury to the service.

There has been an epidemic of crime during the past few days. Yesterday about a dozen cases were reported in different parts of the country. To-day nearly as many, none of very unusual character and the victims were not remarkably prominent.

It is barely possible that ex-Senator Spencer might be found in Iowa, where he used to live. People think he will be detained from Washington by urgent business as long as there is a prospect of anybody being convicted in the star route cases.

Children Burned to Death.

CHICAGO, Dec. 24.
 A special from Brookings, Dakota, says: During the absence of Mr. Barker, of Estellaine, from home, his wife left three children aged 6 months, 3 years, and 5 years respectively, in the house while she did work at the barn. It is thought the children were playing with coals and set fire to their clothes. Before Mrs. Barker returned two of the little ones were charred corpses, and in rescuing the baby, which afterwards died in her arms, the mother received burns which places her life in danger.

WESTERN TELEGRAMS.

Smuggling Chinese Slaves Into the Country.
 SAN FRANCISCO, Dec. 25.
 A Victoria, B. C., dispatch says: By the steamer Valuer there arrived at this port 40 Chinese women, 32 of whom were sold to Chinamen who reside in the United States, and the remaining eight are reserved for this place. Yesterday two Chinamen who worked to secure a woman brought suit before the Chief Justice on a writ of habeas corpus, alleging they were forcibly detained. The women, however, swore they were free agents and the case was dismissed. In the course of the investigation it was found that 32 women who went to the American side were disguised as Indian women. It is feared this traffic in human beings will be carried on at this port on a larger scale next year.

One More Unfortunate.

SAN FRANCISCO, Dec. 26.
 Birdie Goldstein, a *nymph du pave*, whose right name is supposed to be Bertha Salomon, was found yesterday lying dead upon the floor of her room at 813 Stockton street. Under the pillow of her bed was found a bottle that had contained carbolic acid. Deceased was 25 years of age, a native of New York, and has on several occasions attempted suicide.

Jem Mace, the Pugilist.

SAN FRANCISCO, Dec. 26.
 Jem Mace, the ex-prize fighter, who arrived on the steamer Australia, says he came because Mr. Fox wished him to meet Sullivan. He says he has no objection to meet him with gloves, but he has brought a half-breed Maori named Slade who will fight Sullivan.

A BARLEY THIEF.

A Half-breed who Steals because he Can't Help It.
 [Medec Independent.]

On Saturday last Constable Roberts of Cedarville arrived here with a man named Joe Fish, who was charged with stealing barley. It seems that in some manner he became possessed of 2,800 pounds of barley belonging to Wm. Hudspeth, and sold the same to L. Woldenburg & Co. of Cedarville. Hudspeth caused the man to be arrested, and upon being taken before Justice Long he pleaded guilty to the charge, and was by the Court remanded to the county jail to await trial in the Superior Court. He was placed in the jail Saturday night and kept there over Sunday. The Sheriff, not considering him a desperate character, did not take the precaution to lock him in a cell, but allowed him all the room in the jail. On Monday morning Deputy Stanley went to the jail with the prisoner's breakfast but found the jail vacant. A subsequent inspection revealed the fact that Fish had wrenched an iron fastening from one of the cell doors, and with this he went to work on the hinges of the outer door and succeeded in prying them off, thus gaining admittance to the yard surrounding the jail. To scale the outer wall was an easy job, and Fish was soon a free man. As soon as the escape was made known Sheriff Weller began preparations for his recapture. Constable Dean and H. G. Payne were started out in different directions, while Mr. Weller, after following the track for a while became convinced that he had gone back to Cedarville, and headed at once for that place. Upon arriving at Cedarville, Mr. Weller learned that Fish had been there and that he had procured a horse and supply of provisions from Charles Romero, and had gone on, Mr. Weller enlisted the services of Miles Morgan and William Hearn and sent them east to the cattle camps while he himself took the road to Reno. Morgan and Hearn took a cut and went directly to Murdock's camp in 49 canyon, where they found the man they wanted and took him in charge. He stated to them that after escaping from the jail Sunday night and went to Jackson's ranch, five miles above town, and being acquainted with the vaqueros on the ranch, he succeeded in borrowing a horse to ride to Cedarville, and when he got to that place he procured a fresh horse and intended to go to Idaho. Fish is a half-breed and has been in this county for several years. He is a natural born thief and has been in our county jail once or twice before, on charges of petit larceny. He will in all probability be sent to State Prison, where his thieving propensities will be curtailed for a few years at least.

A Congressional Circus—Page as Ringmaster.

WASHINGTON, Dec. 25.
 The House, while trying to elect a speaker pro tem on Saturday, was a regular circus, members gulling each other and stopping all business. As the jocular increased Page, who was temporarily in the chair, pounded with the gavel and grew red and white by turns, but still the irrepressibles clamored for a quorum. Finally Blackburn moved to adjourn. This was resisted by a number of Democrats. In the midst of the confusion Page yelled, "This House stands adjourned until Monday next at noon," and hastily vacated the chair and hall. No vote had been taken, and members were dazed by the decision temporarily, but finally accepted the situation, and the circus for spectators in the galleries was ended.

EASTERN DISPATCHES

Murder in High Life.

UNIONTOWN, Dec. 25.
 There is most intense excitement over the report that Captain A. C. Nutt, cashier of the Pennsylvania State Treasury, has been shot in a room in Jennings Hotel and killed by N. L. Dukes, a well known member of the Fayette county bar and member-elect of the State Legislature. The hotel was soon surrounded by citizens. Captain Nutt had just returned from Harrisburg to spend the holidays with his family and left home with his nephew, Breckenridge, stating that he had some important business at the hotel with Dukes. On the way there he said that he had received some infamous letters from Dukes and wanted an understanding. The women went to the hotel and Nutt started up to Dukes' room. Breckenridge followed, but stopped on the stairs to speak to the hotel proprietor's son. While conversing, scuffling was heard in the room and both ran up to separate the combatants, who were found on the floor, clinched in a terrible struggle. They were parted, but Dukes drew a revolver and said: "You come in here to whip me and so I shoot," at the same time firing. The ball took effect just below Nutt's left eye, penetrating the brain and killing him instantly. Dukes then quietly walked down stairs where he was arrested. What was in the letters, or the motive which led to the murder, is still a mystery. All the parties are of the highest respectability and prominence.

UNIONTOWN, Pa., Dec. 26.

Reports say the cause of the shooting of Captain Nutt by Hon. N. L. Dukes was the refusal of the latter to marry Nutt's daughter after ruining her.

The Row Between Governor Taber and His Wife.

DENVER, Col., Dec. 25.
 Denver has had a sensation in relation to Governor Taber, who applied for a divorce from his wife in Laplata county in January last. This is 300 miles from Denver, and none of the parties live there. An officer came to Denver and claimed to get service on Mrs. Taber. She will swear he did not. On the 24th of March a divorce was granted, and nobody knew it until September. The bill charges adultery with two citizens of good standing; also, personal abuse. The bill has been taken from court and cannot be had. The pages of the record are pasted together to avoid publicity. Mrs. Taber will resist on the ground of fraud. It is not believed Taber will attempt to defend if she makes a fight. She brought suit for alimony, but not a divorce, and she is likely to succeed.

The Jersey Lily Making Money Fast.

CHICAGO, Dec. 26.
 Marcus R. Mayer, agent of the Jersey Lily here, says Langtry's receipts at Philadelphia last week were \$16,409. In Brooklyn, where she opened yesterday, advanced sales amounted to \$11,800. Langtry leaves New York next Sunday morning with a company of 25 people and Henry E. Abbey, manager, by the New York Central limited express and will get here next Monday morning. She and Fred Gebhardt are expected to arrive simultaneously, but Mayer says Freddie will be shut out on this occasion. The Lily has the palace car City of Worcester to herself while traveling, and while on the road insists upon being alone. The sale of seats for Langtry's performance will not commence until to-morrow, instead of to-day, as previously announced.

A Tough Negro Murderer.

NEW YORK, Dec. 25.
 Alex. Jefferson, the negro murderer at Brooklyn, when he to-day learned his brother was in the hospital, expressed a wish to get near enough to kill him. The celestial also said he would like to kill Alexander. Jefferson stated that he had borrowed a gun, ground his knife and fixed on a hiding place a week before he committed the crime. His father's prediction that he would be hanged has about come true, he said.

A Russian Disposed of.

PERU, LL., Dec. 24.
 The notorious Patsey Donnelly this morning entered a saloon drunk, and fired three shots into the crowd, mortally wounding Michael McDermott. A moment later he was shot dead by policeman Scott, whom he fired at, and a coroner's jury exonerated Scott.

Tecumseh Joins the Church.

NEW YORK, Dec. 26.
 The Sun's Washington special says it is positively alleged that General W. T. Sherman has recently been received into the Roman Catholic church. The ceremonies of the occasion were rather private.

A New York Killing.

NEW YORK, Dec. 25.
 The Police Justices held to-day a large number of arrested persons under the penal code. The Judges hold that if a person buys a drink of a saloon keeper he becomes an accomplice and cannot give testimony against the saloonist.

RAILROAD TAX SUITS.

The Ex-Governor Entertains His Friends at Dinner.

WASHINGTON, Dec. 25.
 The case of the county of San Mateo vs. Southern Pacific Railroad Company was argued before the Supreme Court last week. The company argued that the organic law of California, which refused to exempt from taxation property of the railroad companies and other public corporations, was in violation of the provisions of the Constitution of the United States, which guarantees equal protection of the laws to all persons. If this case is decided in favor of the railroad company it will practically exempt from proper taxation not only the Southern Pacific but the Central Pacific and all other roads in California, and will also require other States having a system of taxation analogous to that of California to deduct from the assessed valuation of railroads the amount of mortgage given by these corporations on their plant and equipment. The San Mateo case came to the Supreme Court on appeal from the United States Court for the District of California, where Mr. Justice Field and Judge Sawyer united in rendering a decision in favor of the railroad company. The array of counsel in the Supreme Court on behalf of the railroad greatly exceeded that of opponents. Ex-Senator Conkling, Judge Edmonds and Judge Sanderson of San Francisco represented the company. The sympathy of Justice Field with counsel for the railroad company while the case was being argued was remarked in the court room, but it attracted little attention, because the former decision of this eminent jurist was known to have been in their favor. Much adverse criticism of Justice Field has, however, been caused by events that transpired after the conclusion of the arguments. Speech-making ended last Thursday. Ex-Governor Leland Stanford of the Central Pacific Railroad, an interested corporation, was in the court room during the greater part of the hearing. He gave a dinner party Thursday night at Chamberlin's restaurant in this city to Mr. Conkling, and Mr. Sanderson and other attorneys for the company. Justice Field attended this party. He drove early Thursday evening to the Arlington Hotel, where Mr. Sanderson was stopping, and inquired for that gentleman. Finding that he had gone to Chamberlin's to dine with Governor Stanford, the Justice was driven to the restaurant where he joined the party and remained with them for a considerable time. It is not believed by friends of Justice Field that he is under the influence of the railroads of California, but great surprise is expressed that he should have descended from the Supreme bench, after hearing a case in which the railroads of California are concerned, to dine with the party chiefly interested in the decision of the Court and its attorneys.
